

With heavy hearts, we regret to inform you of the unexpected passing of Judy Audinis, the founder, creator, and visionary behind Pawpals, on September 7, 2023.

For more than three decades, Judy dedicated herself tirelessly to serving pet parents and veterinarians worldwide. Her vibrant personality made her approachable to everyone she encountered at her trade show booth. Judy's deep passion for celebrating the lives of pets was at the core of her mission in the field of animal health. Our thoughts are with her family during this difficult time.
